

S3 Weigh Scale Indicator

Weighing. Made easy.

Accurately weigh your animals using the rugged, waterproof and fully portable S3 Weigh Scale Indicator.

It's simple to use, easy to read and features Bluetooth connectivity, so you can record animal weights and configure settings using the Data Link app.

The high contrast display is clearly visible on the brightest day and the LED backlit screen ensures visibility in failing light or dark sheds.

Plus, if you record your livestock weights using the Data Link mobile app you can instantly view your weighing data online, anywhere, with Datamars Livestock.

- ✓ **Easy to see weights, no matter the conditions**
- ✓ **Bluetooth® Low Energy connectivity**
- ✓ **Record weights and configure settings with the app**
- ✓ **Rugged and waterproof, to withstand the toughest environments**
- ✓ **Rechargeable battery with 15 hour life**

FEATURES AND SPECIFICATIONS

- ✓ **Highly visible display**
The high contrast display is clearly visible on the brightest day and the LED backlit screen ensures visibility in failing light or dark sheds. A Red LED illuminates when the weight is stable making it clear that you can record the weight.
- ✓ **Simple user interface**
Only two clearly visible buttons, on/off and zero. Other settings are easily accessible on the Data Link mobile app or Data Link PC software.
- ✓ **Superdamp™ III**
Capture accurate live weights more quickly than any other weigh scale indicator on the market.
- ✓ **Bluetooth Low Energy technology**
Record weights and configure settings using the Data Link mobile app or Data Link PC program.
- ✓ **Record weights using the Data Link mobile app**
The S3 weigh scale indicator connects to Data Link to easily record weights and visual ID numbers. These are automatically available in Datamars Livestock, or can be emailed or shared via other apps.
- ✓ **Datamars Livestock cloud software free**
The Datamars Livestock base plan is included free with your S3 purchase. Using Datamars Livestock you can monitor your animal weight gains and track their performance to target weights.
- ✓ **Long life and fast charging internal battery**
Up to 20 hours of run time and only 6 hours to recharge.
- ✓ **Rugged IP67 enclosure**
To withstand the toughest environments.
